MODERN SOLUTIONS ADVISORY GROUP

Modern Solutions Advisory Group (MSAG) is an SBA Economically Disadvantaged Minority-Owned Small Business built on more than 20 years of government IT delivery. We formed MSAG to bring an advisory-first approach to the agencies we serve — leading with strategy, executing with discipline, and delivering with the accountability public sector clients depend on. Our leadership has directly supported programs at NASA, DoD/DISA, USDA, and Prince George's County — carrying that institutional knowledge into every new engagement.

WHAT WE DO

Enterprise IT & Cloud
• IT Strategy & Roadmapping
• Data Center Consolidation
• Cloud & Hybrid IT Architecture
• Network Engineering
• Cybersecurity Engineering
• Vulnerability & Risk Assessments
• Enterprise Architecture
• LAN/WAN Support
• Desktop Computing Support
• DBA Support
• DAS Systems
• Data Analytics & Visualization
• Systems Modeling & Engineering

Digital / Software
• Custom Software Applications
• System Administration
• IT Help Desk & User Support
• UX/UI Engineering
• Web Development & SharePoint
• 508 Compliance
• Oracle Development
• Technical Writing
• Data Conversion & Mgmt
• Applied AI & Automation
• AI Data Analysis & Chatbots
• ERP, CRM & Payroll Systems

Telecom
• Network Cabling & Infrastructure
• Circuit Reseller
• O365 / Azure / Teams
• Avaya | Cisco | IBM | VMware
• Mobile Security
• Virtualization & Storage
• Video Conferencing

CORE COMPETENCIES

IT Advisory & Strategic Planning
We assess current state, identify gaps, and build technology roadmaps aligned to mission and budget reality.

Program & Project Management
Disciplined PM from initiation to closeout — managing scope, schedule, risk, and communication so agencies stay mission-focused.

Quality Assurance & Oversight
Structured QC at every phase. Deliverables reviewed, documented, and verified against requirements before reaching the client.

Subcontractor Management
We source, vet, and coordinate specialized subcontractors — one accountable prime, no large-integrator overhead.

Technology Modernization
Cloud migration, infrastructure refresh, legacy replacement — guiding agencies through transitions that cut cost and improve delivery.

Cybersecurity & Compliance
Risk assessments, vulnerability management, COOP/DR, and ATO support — aligned to FISMA, NIST, and agency-specific requirements.

Telecommunications & Infrastructure
End-to-end telecom: circuit procurement, cabling, VoIP, video conferencing, and DAS systems — design through installation and support.

Client Communication & Reporting
Transparent reporting to agency leadership — status updates, milestone tracking, and escalation so nothing falls through the cracks.

PAST PERFORMANCE

NASA Goddard Space Flight Center
Software Applications & IT Systems — mission-critical software delivery. Prime: TRAX International.

Dept. of Defense / DISA
Telecom Circuit Installation — nationwide secure infrastructure deployment.

USDA (13 Agencies)
Telecom Upgrade, Data Center Consolidation, DR/COOP, SOC/ATO, Migration Mgmt, ITIL Service Desk.

Prince George's County
Active vendor (Contract #4400005229) — IT Data Mgmt, Network Services, Infrastructure & Cabling.

Maryland Judiciary
Computer Maintenance, Voice/Telephone Replacement, VTaaS, Conference Room as a Service.
